

Akouos to Present at Jefferies Gene Therapy/Editing Summit

October 20, 2021

BOSTON, Oct. 20, 2021 (GLOBE NEWSWIRE) -- Akouos, Inc. ("Akouos") (NASDAQ: AKUS), a precision genetic medicine company dedicated to developing potential gene therapies for individuals living with disabling hearing loss worldwide, today announced that Manny Simons, Ph.D., M.B.A., co-founder, president, and chief executive officer of Akouos, will participate in a presentation at the Jefferies Gene Therapy/Editing Summit on Wednesday, October 27 at 9:30 a.m. EDT.

A live webcast of the presentation will be accessible through the investors section of www.akouos.com. To access the webcast, please go to the Akouos website approximately 15 minutes prior to the start time to ensure adequate time for any software downloads that may be required. An archived replay will be available on Akouos's website for 30 days following the conference.

About Akouos

Akouos is a precision genetic medicine company dedicated to developing gene therapies with the potential to restore, improve, and preserve high-acuity physiologic hearing for individuals living with disabling hearing loss worldwide. Leveraging its precision genetic medicine platform that incorporates a proprietary adeno-associated viral (AAV) vector library and a novel delivery approach, Akouos is focused on developing precision therapies for forms of sensorineural hearing loss. Headquartered in Boston, Akouos was founded in 2016 by leaders in the fields of neurotology, genetics, inner ear drug delivery, and AAV gene therapy.
